When we re-examine the passage in Jeremiah 18:15 from a genetic standpoint, this

Scripture takes on a whole new meaning. We begin to see that God is speaking about

the ancient pathways from many levels. When the apostle John was on the island

The Lord kept his word and did for Sarah exactly what he had promised. She

became pregnant, and she gave birth to a son for Abraham in his old age. This

happened at just the time God had said it would. And Abraham named their son

Isaac. Eight days after Isaac was born, Abraham circumcised him as God had

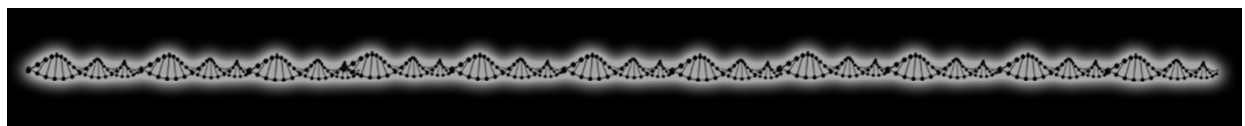

commanded. Abraham was 100 years old when Isaac was born. And Sarah

humans on the X chromosome (Xp21). The dystrophin gene codes for the protein dystrophin,

an important structural component within muscle tissue. Dystrophin provides structural

stability to the dystroglycan complex (DGC), located on the cell membrane. (Articles taken

The sons of God saw the beautiful women and took any they wanted as their wives.

him. Lot prepared a feast for them, complete with fresh bread made without yeast,

That is why God abandoned them to their shameful desires. Even the women turned
